REGULUS ANNOUNCES CLOSING OF FINAL TRANCHE OF \$5 MILLION FINANCING

November 6, 2014, (Calgary, Alberta) – Regulus Resources Inc. ("Regulus" or the "Company", REG TSX.V) announces that it has closed the final tranche of its previously announced \$5 million non-brokered private placement offering (the "**Financing**"). The Company today issued the final 300,000 Units of the Financing at \$0.45 per Unit to subscribers for proceeds of \$135,000. Each Unit consists of one common share of Regulus and one half of a common share purchase warrant. Each whole warrant will entitle the holder to purchase one common share of the Company at \$0.70 per share for a period of three years. In total the Company closed all of the planned \$5 million financing.

The purpose of the Financing is to further strengthen the Company's balance sheet so that it is better positioned to advance the AntaKori copper-gold project in Peru that was recently acquired by the Company through its merger with Southern Legacy Minerals Inc. Regulus will issue a further press release outlining its plans for the AntaKori project over the next 6-12 months after a budget has been approved by the Board of Directors.

John Black, Chief Executive Officer of Regulus stated "We are very pleased with the support shown by our investors in completing the full amount of the offering. Closing the Financing in today's turbulent market environment is a vote of confidence in the Company and its recently acquired AntaKori project."

All securities to be issued pursuant to the Financing will be subject to a four month hold period from the date of issuance. Insiders of the Company participated in a portion of the Financing. Finder's fees were payable on a portion of the Financing.
